MAY 22, 23, 24, 1970
CLEVELAND, OHIO

PARAMOUNT *International Coin Corporation*

WELCOME

TO

CLEVELAND, OHIO

....A city that had its beginning in 1796 when Gen. Moses Cleaveland established its present site. It later became a permanent settlement, founded by Lorenzo Carpenter, in 1799. Thirty-seven years later, in 1836, it was incorporated as a city. The 309 mile Ohio Canal, completed in 1832, gave great impetus to the city's development and was to be the gateway to Cleveland's future growth.

....Today, Cleveland is a bustling metropolis and Ohio's largest city. We hope you will enjoy your visit with us and come back again.

TERMS OF SALE

ALL FLOOR BIDS ARE FINAL

This is a public and mail bid auction sale. All material is sold to the highest bidder without reserve or restrictions. Mail bids are entered in the order received - in the event of duplicate bids the lot is awarded to the first bid received. Please fill in completely all information requested on the bid sheet.

GUARANTEE

All material offered is guaranteed genuine and as described, unless otherwise stated in catalog. AUCTION SALES ARE NOT APPROVAL SALES! Any claim of error must be made within three days after receipt of the material.

TO MAIL BIDDERS

NO "BUY" OR "UNLIMITED" BIDS will be accepted! We act as your agent and purchase for you as much below your bid as the next highest bid will permit. No commission is charged for handling your bids.

VALUATION

To assist bidders, we have indicated an estimated retail price on most lots based on "Trends," reference books (catalogs), and recent auction records. This is merely an estimate, in no way indicating the price the lot will actually realize, as higher or lower prices may prevail.

PAYMENT

The terms of this sale are strictly CASH. Payment is to be made immediately upon receipt of material or notification. AUCTION SALES ARE NOT APPROVAL SALES! NOTE: Ohio residents will be charged 4% Ohio State Sales Tax. Postage and insurance will be added to your invoice.

REFERENCES AND DEPOSITS

If bidders do not have credit established with our firm in the total amount of their bids, then complete and satisfactory credit references must be supplied. Otherwise, a 25% deposit of the bids will be required. We reserve the right to demand payment before delivery of purchases when such amount exceeds the amount established credit.

INSTRUCTIONS FOR MAIL BIDDERS

If you have never before bid by mail, you may feel somewhat at a loss in submitting a mail bid for an auction sale. Basically, however, the procedure is quite simple. You will notice on the enclosed Bid Sheet a place for entering the Lot Number as well as the amount you wish to bid. (It is not necessary to describe the Lot on which you are bidding). After carefully reading the description of the Lot in question, simply write down the Lot Number and the maximum amount you are willing to pay in the appropriate columns. For example, let's assume you are interested in bidding on Lot No. 193. Determine the maximum price you will pay for this Lot, and enter this amount on the Bid Sheet as follows:

NO.	BID	
193	95	00

You will note we have used the term "maximum amount" above. The bid which you enter is the "maximum amount" or top price you will pay for a lot. However, there is always the chance you may obtain the lot for less! As indicated in our "Terms of Sale," we act as your agent and execute your bids as if you were there in person at the Sale. We will buy the Lot for you as cheaply as possible over the next highest bid. In other words, if your bid, for example, is $95.00 on Lot No. 193 and the next highest bid, whether by mail or floor, is only $75.00, the Lot would be awarded to you at $80.00 -- or a nominal 5% to 10% increase over the next highest bid.

Before entering your bids, please read very carefully our "TERMS OF SALE." And if you have any questions regarding bidding or regarding the Sale itself, drop us a line and we will reply at once. Bidding by mail permits the individual to participate in the auction sale just as though he were able to attend the Sale in person. Many bargains are obtained through the medium of auction sales, and it can be a very exciting as well as rewarding method of obtaining needed items for your collection. We look forward to your participation in this as well as future Sales.

Quantitative Grading

You will notice as you leaf through this catalog that we are now using the QUANTITATIVE GRADING method of describing most of the lots in this Sale. This is to help you, the bidder, to know more precisely the condition of a coin. It works like this: If a consigned coin just meets the minimum requirements to qualify, for example, Very Fine by Brown & Dunn standards, that coin will be listed as VF-20. If the coin is better than minimum, it would be listed as VF-25. If it is what normally would be listed as Very Fine to Extremely Fine, the coin would be designated as VF-30. The following numbering system is employed in this scale:

Very Fair	3	Very Fine	20-30
Good	4-6	Ext. Fine	40-45
Very Good	7-10	About Unc	50-55
Fine	12-15	Uncirculated	60-70

We believe this grading system will be beneficial to you, and your reaction and comments would be appreciated.

Please Remember

We exercise the greatest care in the preparation, attribution and printing of our Auction Catalogs, but even so, errors do sometimes occur. In such cases, corrections will be made when feasible, or the Lot will be considered withdrawn before or after the closing date of the Sale. Please remember, Paramount makes every effort to see that you, the bidder, are presented with an accurate and authentic description of each and every Lot offered for sale.

MR. EMMANUEL FELLOUZIS

We are proud to present in the following Session, the very fine collection of Mr. Emmanuel Fellouzis - collector and businessman - of Stuebenville, Ohio.

Presented here, in addition to Mr. Fellouzis' regular collection, is perhaps the most fabulous and comprehensive Mint Error Collection ever assembled. This includes the unique Set of Indian Head Cents in ERROR FORM.

It seems fitting that Paramount is handling "Manny's" collection in this particular Sale, not only because he is a resident of one of the states comprising the Central States Numismatic Society, but also the fact that the Indian Head Error Collection was originally put together in Cleveland, Ohio -- Host City for this year's Central States Convention. It was here that Mr. Fellouzis first saw, and ultimately purchased, this outstanding set. It was also this acquisition that triggered his interest in Error collecting.

He has now chosen to sell his entire Collection, and we are proud to present it in this Second Session, as well as portions of the Third and Fourth Sessions.

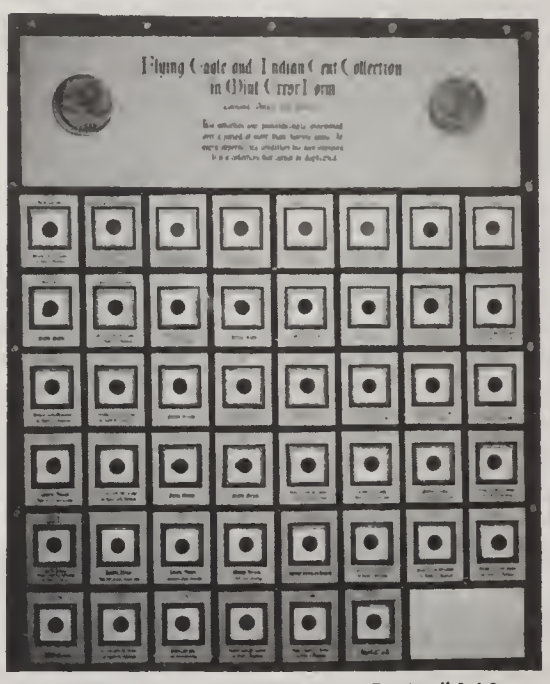
MAIL BIDS & FLOOR BIDS ACCEPTED

We are pleased to present here possibly the finest error collection ever to go on the block. It is highlighted by a virtually unique set -- the Indian Head Cent collection in ERROR FORM! This set was assembled by a well-known numismatist over a period of nearly 30 years. This Indian Head Error Collection, which includes many unique pieces, could never be duplicated!

Much publicity has been given this outstanding collection in Coin World and other publications, and it has been on display at many coin shows. This set is now being offered to the numismatic public where it will be sold to the highest bidder or bidders. The individual pieces will be auctioned one at a time, but reserving each individual sale until every piece has been presented. The entire collection will then be offered as a whole -- with the starting bid for the complete set being the next increment above the total of the individual pieces. If a bid is forthcoming at that level, then the bids for the individual pieces all become void, and the collection will sell as a single lot. However, if no bid is made at such increment, then the high bids on the individual lots shall become final and such lots will be sold individually and not as a set.



Lot #648

In addition to this fantastic Indian Head Cent Error Collection, other truly outstanding and unique errors are offered in this session as well as the Third and Fourth (Mail Bids Only) Sessions.

MINT ERRORS

Note: The Flying Eagle and Indian Cent Mint Error Collection has been "permanently" mounted in a special custom holder. In order not to damage this unique holder, the coins were not removed from their protective shield when photographed. Unfortunately, therefore, imperfections of the plastic shield may appear in the photographs of the coins.

THE NEW 1970 BROCHURE
OF
SELECTED WORLD PROOF COINS

Fortunate indeed are those who have learned the values of a fine painting or a rare coin. History has proven both to be outstanding investments.

The exacting standards set for these world proof coins also include the greatest possible safeguards to protect the purchaser's investment. No proof sets are struck other than those for which orders are received prior to the order-taking deadline. No restrikes can ever be made after the original issue has been minted, since the dies are immediately destroyed upon completion of the initial striking. Many of these are limited to less than 5,000 owners for the entire world! There can never be a surplus to depress the market.

Why not enjoy the benefit of increased values in years ahead. Write today for the 1970 Brochure of SELECTED WORLD PROOF COINS.

If you've had it in the back of your mind to sell your collection.....if you've lain awake nights wondering how it should be done.....if you've been fretting over what to do with those duplicates acquired through the years.....if all this has you in a real dilemma and you've been worrying about making the "right" decision... ....we believe we can help you solve your problem.
